Aarhus University, Denmark
September 2010

This document has been created in the context of the NANOYOU project (WP4). All information is provided “as is” and no guarantee or warranty is given that the information is fit for any particular purpose. The user thereof uses the information at its sole risk and liability. The document reflects solely the views of its authors. The European Commission is not liable for any use that may be made of the information contained therein.
The research leading to these results has received funding from the European Community's Seventh Framework Programme (FP7/2007-2013) under grant agreement n° 233433

The NANOYOU Teachers Training Kit in Nanotechnologies is licensed as Creative Commons Non-Commercial ShareAlike Attribution. However, this does not apply to some images used in this kit which are protected by copyright. This document lists all images that have copyright, and for which permission to be used in the NANOYOU Training Kit was asked and obtained. The permissions were granted uniquely to the NANOYOU consortium and for electronic format only; therefore any re-use must be approved first in writing from the original copyright holder.

### Module 1

#### Chapter 2:
